## BESSEY® Tools North America Omega Clamps - RSC Series

# Omega Clamps – the RSC series

Simply better.

The unique, patented OMEGA™ bend increases the spring deflection of this bar clamp. Therefore, allowing the clamp to maintain positive pressure longer when vibrations are present; offering greater work safety.

# Omega Clamps – the RSC series

Simply better.

## Omega clamp features

- ❑ Fixed jaw and sliding arm are constructed of tempered steel for resilient clamping
- ❑ Sliding arm is made of a drop forged & tempered steel designed for a long service life
- ❑ Pressure plates can be replaced without tools

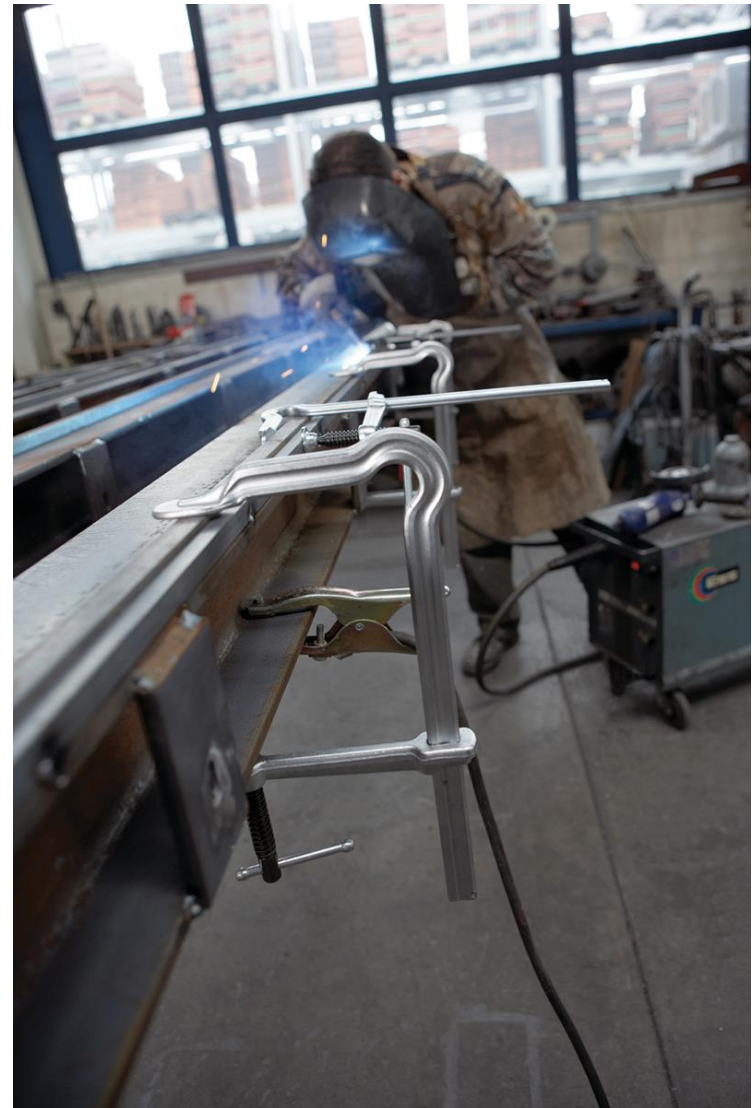

# Omega Clamps – the RSC series

Simply better.

## Omega clamp features

- ❑ Optional BESSEY® Grip handle - a durable comfortable accessory that fits snugly over the standard steel sliding pin handle (BGSM = BESSEY® Grip, small) are available for purchase separately
- ❑ Spatter resistant, high carbon ACME threaded screw is tempered and quenched. Engineered to give greater load capacity with longer service life
