

BESSEY Product Training

BESSEY Tools North America
Flooring Tool: AV2

Spacer AV2 – The new compact and time-saving aid

1 Clever dail:

Set up is fast and simple: Distance to the wall can be set simply by turning the red dail. The spacer is easy to remove just, rotate the dail to release the pressure.

2 Wide contact and support surface:

For avoiding pressure points on the wall and the flooring.

3 Exact millimetre scale:

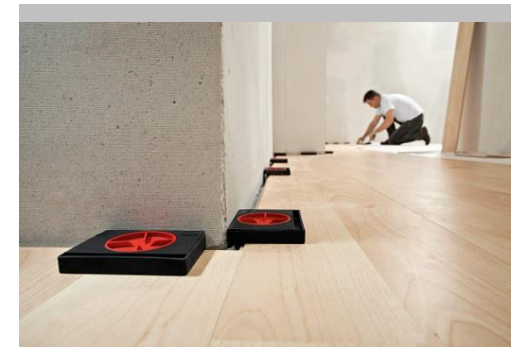

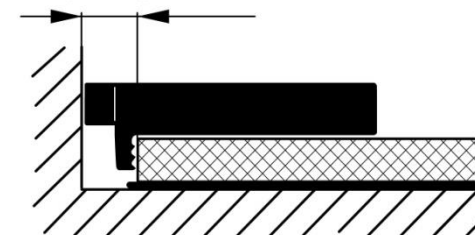

Wall surface irregularities of 5 to 20 mm can be compensated for easily. The exact distance required for spacing can be readily seen on the millimetre scale.

4 Robust in the size of a business card:

Manufactured from impact and break resistant, glass fibre reinforced polyamide, the spacer is light and tough.

5-20 mm
3/16-13/16 In.

AV2 – The new compact and time-saving aid
