K Body® REVO (KR & KREV)

K Body® REVO™ (KRE & KREV)

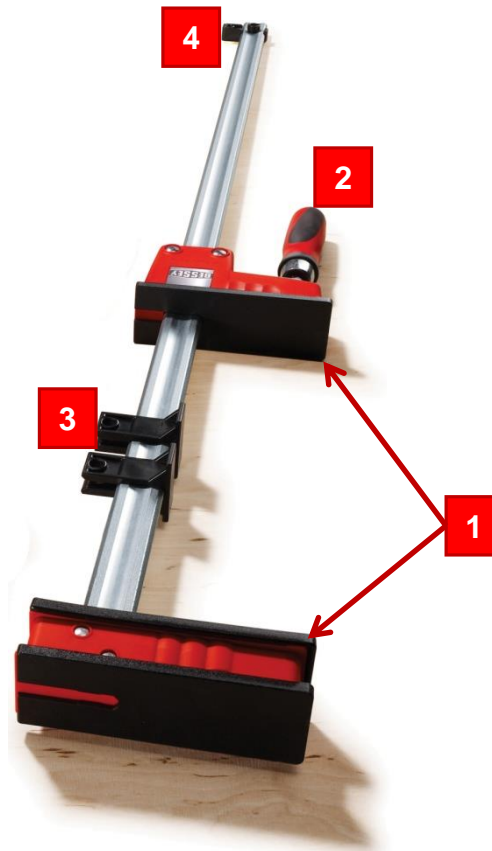

Simply better.

Truly a **Revolution** in parallel clamping

The BESSEY® K Body® is unique once again. REVO™ is a whole new K Body® with many patented features.

KRE series features:

- 1) Large parallel clamping surface
- 2) Large 2K composite handle
- 3) Rail protection pieces
- 4) Removable end clip
- 5) Hex head in handle for ease of tightening

K Body® REVO™ (KRE & KREV)

Simply better.

KRE series features

- ❑ Clamping force rating 1700 lbs.
- ❑ Jaws set at 90° degrees relative to the clamp rail.
- ❑ Large parallel clamping surfaces with replaceable protection pads.
- ❑ Large 2K composite handle for better grip.
- ❑ Rail protection pieces (KRE-RPP) elevate the work piece from the rail of the clamp & reduce excess from the rail
- ❑ Removable end clip (KRE-EC) act as a slide stop as well as keeping the rail parallel to the work surface.
- ❑ KRE-RPP & KRE-EC are both equipped with holes that may used along with some TK-6 “table clamps” to fasten the clamp to a work surface.
- ❑ Easily converts to a spreader by reversing the sliding arm.
- ❑ Throat depth is 3-¾”
- ❑ Available in eight sizes ranging from 12” to 98” in capacity.

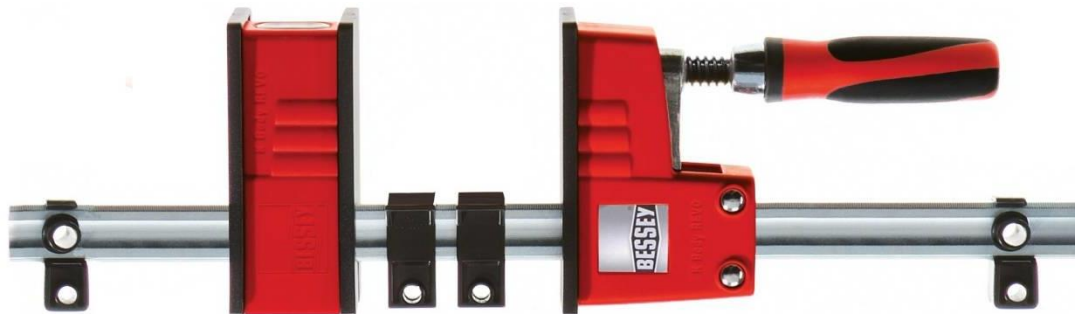

K Body® REVO™ (KRE & KREV)

Simply better.

KREV series features

- ❑ Includes all the features of the “KRE” series & more.
- ❑ The unique moveable “fixed” jaw now offered by BESSEY® allows you optimize your clamping set-up by
 - ❑ Balancing the weight distribution of an unsupported clamp across a work piece.
 - ❑ Create multiple glue ups along a single set of clamps with extra long rails.
- ❑ Four models are available
 - ❑ Clamping capacities are 40”, 60”, 78” & 98”
 - ❑ Same 3- 3/4” throat depth & 1500 lb clamping force rating as KRE series

Simply better.

Thank you for your attention!
