I-Beam Clamps

IBeam Clamps

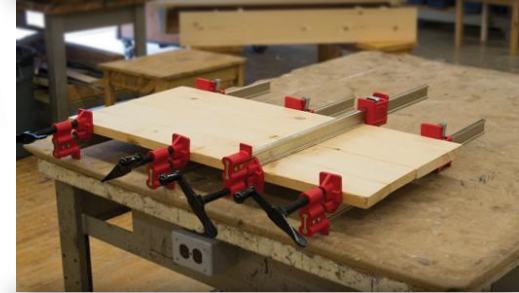

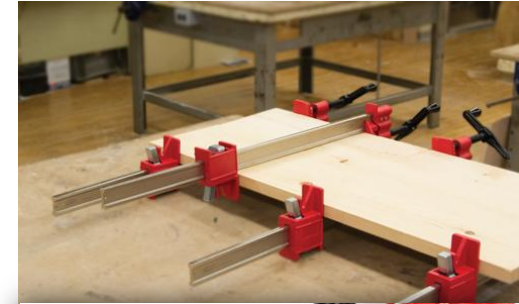

Simply better.

Heavy Duty Steel Bar Clamps

The BESSEY IBeam clamp is rough, strong and durable for a wide variety of industrial grade tasks.

IBeam series features:

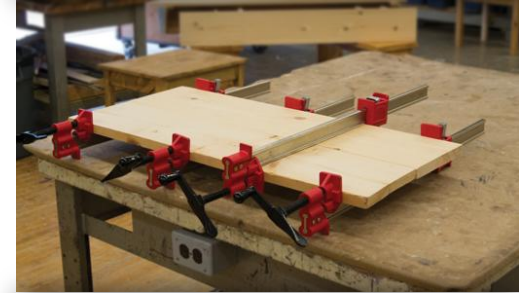

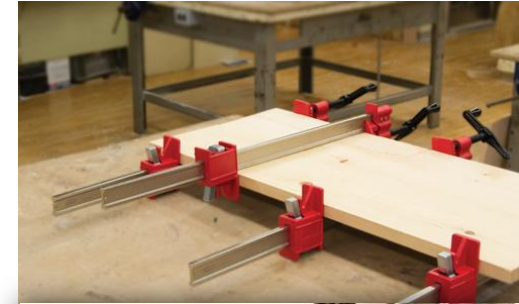

- 1) Large clamping surface
- 2) Large crank handle
- 3) Nominal 7000 lb load limit
- 4) Robust IBeam bar
- 5) Industrial all-round clamp

I-Beam Clamps

Features

- ❑ Nominal load limit of 7000 lbs.
- ❑ Ductile castings for high strength.
- ❑ ACME threaded spindle for string and fast force application.
- ❑ Nickel plated rail for corrosion resistance
- ❑ Five (5) hardened clutch plates for tough clamping applications
- ❑ Range of sizes from 24 In to 96 In.
- ❑ Large crank handle is easy to grip
- ❑ I-Beam construction is resistant to bending over longer applications
- ❑ Throat depth of 2 In
